Nondiscrimination In District Programs And Activities

BP 0410

Philosophy, Goals, Objectives and Comprehensive Plans

Government Code 11138 mandates districts to adopt rules and regulations to ensure that district programs and activities are free from unlawful discrimination. In accordance with various provisions of state and federal law, discrimination in education programs and activities is unlawful when it is based on certain actual or perceived characteristics of an individual.

The Governing Board is committed to providing equal opportunity for all individuals in education. District programs, activities, and practices shall be free from discrimination based on race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity or expression, or genetic information; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

Districts with questions about the rights of transgender and gender-nonconforming students should consult legal counsel as appropriate.

Annually, the Superintendent or designee shall review district programs and activities to ensure the removal of any barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing district programs and activities, including the

use of facilities. He/she shall take prompt, reasonable actions to remove any identified barrier. The Superintendent or designee shall report his/her findings and recommendations to the Board after each review.
